

Calling on all Student Leaders

MILLENNIUM FELLOWS

Make your leadership count

If you are already involved in a project with your community or have an idea of how you would like to get involved in a social impact project, now is the time to apply for a Millennium Fellowship.

With your work you will be advancing [UN goals](#) on campus and in community. United Nations Academic Impact (UNAI) and MCN have partnered on the Millennium Fellowship to ensure you have the training, network, and recognition needed to take your social impact to the next level.

The University of Limerick has been selected to participate in this United Nations Academic Impact scheme because of its track record of engagement in communities in the city of Limerick and the wider region.

The Millennium Fellowship offers a semester-long programme leadership programme on campus focussed around your chosen community engagement.

As a Millennium Fellowship you will become part of a community of fellows on campus and join the global community Alumni.

To learn more and to apply online please go to:

<https://www.millenniumfellows.org/fellowship/>

The application deadline is 15 July 2018.
